Allowed amount means, as determined by GSC:

- a) Drugs – the GSC National Pricing Policy and/or the reasonable and customary charge;
- b) Extended Health Services – the reasonable and customary charge for the service or supply but not more than the prevailing charge in the area in which the charge is made for a like service or supply;
- c) Dental – the fee guide as specified in the Schedule of Benefits.

Benefit year means the 12 consecutive months starting September 1st and ending August 31st of each year.

Biologic drug means a drug that is produced using living cells or microorganisms (e.g., bacteria) and are often manufactured using a specific process known as DNA technology.

Biosimilar drug means a biologic drug demonstrated to be similar to a reference biologic drug already authorized for sale by Health Canada.

Calendar year means the 12 consecutive months January 1st to December 31st of each year.

Deductible is the amount that must be paid by or on behalf of you and your dependent in any benefit year before reimbursement of an eligible expense will be made.

Children who are in full-time attendance at an accredited school do not have to reside with you or attend school in your province. If the school is in another province or country, you must apply to your provincial health insurance plan for an extension of coverage to ensure your child continues to be covered under a provincial health insurance plan.

Fee guide means the list of dental procedure codes developed by and maintained by the Canadian Dental Association, adopted by the provincial or territorial dental association of the province or territory in which the service is provided (or your province of residence if any dental service is provided outside Canada) and in effect at the time the service is provided.

Laboratory services that are in excess of 40% of the dentist's fee in the applicable Fee Guide shown in the Schedule of Benefits will be reduced accordingly; co-pay is then applied;
2. Reimbursement will be made according to standard and/or basic services, supplies or treatment. Related expenses beyond the standard and/or basic services, supplies or treatment will remain your responsibility;

When more than one surgical procedure, including multiple periodontal surgical procedures, is performed during the same appointment in the same area of the mouth, only the most comprehensive procedure will be eligible for reimbursement, as the fee for each procedure is based on complete, comprehensive treatment, and is deemed part of the multiple services factor;
7. The multiple services factor occurs when a minimum of 6 or more restorations (fillings) or multiple periodontal services are performed at the same appointment and the full fee guide price is charged for each restoration or periodontal service, the first service will be paid in full and all remaining services will be reduced by 20%;

GSC retains the right of subrogation of benefits. This means if GSC paid benefits on behalf of you or your dependent, but the benefits either should have been paid, or are subsequently paid or provided, in whole or in part, by a third party liability or other coverage(s), GSC has the right to recover such payment or reimbursement. In cases of third party liability, you must advise your lawyer of our subrogation rights.

Co-ordination of Benefits (COB)

If you are covered for extended health and dental benefits under more than one plan, your benefits under this plan will be coordinated with the other plan so that you may be reimbursed up to 100% of the eligible expense incurred.

Claims must be submitted to the primary payer first. Any unpaid balances should then be submitted to the secondary plan(s). Use the following guidelines to identify the primary and secondary plans:

GSC Plan Member

GSC coverage for you is always primary. If you are the plan member under two group plans, priority goes in the following order:

- The plan where you are a full-time plan member
- The plan where you are a part-time plan member
- The plan where you are a retiree

Spouse

If your spouse is a plan member under another benefit plan, this GSC coverage is always secondary. Your spouse must first submit claims to his/her benefit plan.

Children

When dependent children are covered under both your GSC plan and your spouse's benefit plan, use the following order to determine where to submit the claims:

- The plan of the parent whose birth date (month and day) occurs earliest in the calendar year
- The plan of the parent whose first name begins with the earlier letter of the alphabet, if the parents have the same birth date
- In cases of separation or divorce with multiple benefit plans for the children, the following order applies:
 - The benefit plan of the parent who has custody of the dependent child
 - The plan of the spouse of the parent who has custody of the dependent child
 - The plan of the parent who does not have custody of the dependent child
 - The plan of the spouse of the parent who does not have custody of the dependent child

If the parents have joint custody and both have the children listed as dependents under their plans, claims should first be submitted to the plan of the parent whose birth date (month and day) occurs earliest in the calendar year. Balances can then be submitted to the other parent's plan.

When GSC is identified as a secondary carrier, submit the original Explanation of Benefits statement from the primary carrier and a copy of the claim form in order to receive any balances owing.
